## FOOD PLANS

Pick from one of our pre-packed storable food plans, or create your own! We offer emergency food plans in cans or 6 gallon buckets to fit every need! We have the Best Prices!

**1 Year Food Plans for 1 - 4 People**

**30 Day Units, 45 Day Units, 60 Day Units, 3 Months, 6 Months, 1 Year, 1+ Year Units, 5+ Year and 10 Year!!**

**WE HAVE IT ALL!**

Whether planning for home storage, disaster, food shortages, or any emergency, bulk food plans can save you money and time. We have dehydrated and freeze dried food plans to fit every budget!

**Shop and Compare!! We have the Best Prices in the United States! Selection, variety, price and quality - We are the Industry Leader!**

**Our Food Plans are complete food units, we don't skimp! Bigger, better and with more servings, more choices than any of our competitors!**

**We are not joking here -- we've seen "year units" and 90 day units advertised elsewhere that are only a fraction of the size of our units -- while asking over twice our price. Don't be misinformed.**

We are a real food storage company, not somebody selling food on the side to make a few bucks. We know our products, we know our prices and we know our selection. We offer the best and biggest units, at the best prices with the best selection and variety, bar none.

Choose from basic packages with grains, beans and rice, to our ultra deluxe units in our premium food packages! **Our food units are far larger than our competitors, for less money. Shop and compare, we offer the best food plans in the entire industry! All of our food plans are discounted for great savings!**

**Our units are the real deal - not some skimpy "one serving per day" starvation packages many are selling at twice our price of a real food unit. We expect you to eat, not starve! During times of crisis, you will need food!**

**We have a HUGE selection of storable food products available in cans, buckets and bags and can create a custom food unit for you! All of our products are packaged for**

**long shelf life and long term food storage which will be ready when you are! Complete nutritious meals and individual food items, we have it all.**

**DEFINITIONS**

- AA - Alpine Aire (freeze dried).
- MH - Mountain House (freeze dried).
- RD - Rainy Day Foods (dehydrated).
- RM - Richmoor (freeze dried).
- NP - Nitrogen Packed Bucket (food product is packed with oxygen absorbers and nitrogen).
- SP - Super Pail Bucket (food product is first sealed in a mylar bag with oxygen absorbers and the bucket filled with nitrogen).
- #10 Can – This is the large coffee can sized can, food is packed with oxygen absorbers.
- #2.5 Can – This is the large soup can sized can, food is packed with oxygen absorbers.
- Foil Pouch – Freeze Dried Food Only, vacuum sealed foil pouch, you can prepare the food directly in this pouch by simply adding water (usually hot water) into the pouch.
- Mylar Bag - Some food is available in a ziplock mylar bag. This is a cost effective way to buy bulk food.
- FD – Freeze Dried.
- GF – Gluten Free.

WEB SITE INFORMATION: Detailed product information is available on our website:  
<http://survivalacres.com>

**FREQUENTLY ASKED QUESTIONS** - Our website has a FAQ page for commonly asked questions.

**SHOPPING CART UPS ORDERS:** Our shopping cart now calculates any applicable shipping charges for UPS orders for all of our food lines. Simply add the food items to the cart and go through the checkout to determine the shipping costs. You can also use our shopping cart to send us a order quote request, just add the items to your cart and when ready, cut and paste the cart items into an email and send it to us ([sales@survivalacres.com](mailto:sales@survivalacres.com)).

**PLEASE USE ITEM #'s WHEN ORDERING - No minimum order.**

**PAYMENT:** All payments must be by credit card (Visa or Mastercard) or debit card. Payment can be made over the telephone or through the online shopping cart. All cart orders are safely secured through Verisign credit card processing. We accept Mastercard and Visa.

Payment can also be made by check or money order to our merchant account, Jade Enterprises, PO Box 1471 Newport, WA 99156. Checks are held by the bank for 11 business banking days for clearing. Do NOT send checks endorsed to Survival Acres, they will be returned to you.

**PRICING:** Website pricing is the current pricing. Be sure to check for special sales and current prices on the website.

**SHIPPING TIMES:** Orders are shipped within 72 hours up to a couple of weeks of placing order under normal circumstances. Call for current shipping times or check our website for published ship times (<http://survivalacres.com/shiptimes.htm>)  
 We keep this web page up-to-date. We have four canneries, they all have different shipping times.

**UPS SHIPPING - MOUNTAIN HOUSE, ALPINE AIRE, RICHMOOR, SUPER SPECTRIM LINES** - Mountain House, Richmoor, Alpine Aire and Super Spectrim ship free on orders over \$100 per product line. Orders under \$100 per product line, are charge a flat rate of \$4.95 per product line.

We have the best shipping on freeze dried food in the industry! Mixed orders (freeze dried and dehydrated food) will be shipped at the current UPS rates for the dehydrated food items, the freeze dried items from the canneries above will still ship free. Sometimes FedEx is used for shipping, depending on cannery volume during the time of packing and shipping.

**UPS SHIPPING – DEHYDRATED FOOD LINE ONLY (Rainy Day Foods)**

UPS (or freight) charges are applied for the dehydrated food line only (RD). Larger orders are more economical in shipping per pound than smaller orders (200 lbs or more). Buckets are packaged in boxes at \$2 each to avoid the UPS charge of \$6.00 per bucket. This will save the customer \$4 for each bucket.

Bulk items that are in paper or plastic sacks require boxing. There will be a \$1.00 charge for every 50 lbs bag shipped by UPS. Two 25 lbs can be put into a single box.

UPS charges \$6.00 per water barrel or stack of buckets to ship. Maximum number of empty (new) buckets that can be shipped together is 8 and dimensional weight is 30 lbs.

55 gal water barrel must ship at 70 lbs.

15 gal water barrel must ship at 30 lbs.

Empty buckets can be shipped 2 at a time in one box.

No UPS orders may ship 100 lbs bags so all UPS orders must be of the lesser size (50 lbs or 25 lbs bags).

If you would like notification of shipment and expected delivery by UPS be sure to include your valid email address with your order. We do not share this information with anyone.

UPS will deliver to your doorstep and will leave your items if you are not home to receive them.

Need a UPS quote? Use our shopping cart, this will calculate all totals including UPS shipping for everything we sell!

## **FREIGHT ORDERS - DEHYDRATED FOOD LINE (Rainy Day Foods)**

For orders over 1000 lbs, we can ship by freight (truck). Please call for a freight shipping quote to your destination (freeze dried freight orders still ship free!). Tip - you can add items on our website to our shopping cart and then cut and paste the entire cart order and send this to us via email! Our cart cannot calculate freight shipments, but this method of adding items to your cart and sending this to us will make it much easier to get you an accurate freight quote.

We need an actual order to obtain a freight quote (no guessing). Freight quotes are getting slow from the freight companies, these can take 1 - 4 days in some cases.

A pallet will generally hold approximately 2300 lbs. 48 buckets per pallet - 70 cases per pallet or some combination. It is in your best interest to maximize the pallet if you choose to ship this way.

We reserve the right in the event of interruption of our business in whole or in part by reason of fire, flood, windstorm, earthquake, war, strike, embargo, acts of God, governmental action, or any causes beyond our control, we have the option of canceling undelivered orders in whole or part (we've never done so, but if this were to happen, you would be refunded any balance due).

## **PRIVATE POOL TRUCKS**

This is by far the cheapest freight of all. You will need (usually) to be in Zone 2 or 3. We have made exceptions for exceptionally large orders, delivering as far out as zone 8 (44,000+ lbs). Orders should weigh 2000 lbs or more to qualify for private pool truck delivery within Zones 2 or 3. These orders may take longer to ship because we accumulate orders in a geographical area to fill a 44,000 lb truck. If it is a smaller order you may be required to meet the truck at a nearby stop.

Because of the physical size of the 18 wheelers, not all residential deliveries are possible, please call if you have questions.

You must be flexible to their time schedule (within reason) and unloading is your responsibility. The driver will NOT help unload.

If you have access to a forklift, a tractor with forks or a warehouse, please use it. It not, plan on putting people in the truck to haul items to the back and then people to unload. You may call anytime to see how a pool truck is building for your area and to get a firm freight quote. This is our method to keep track of upcoming orders and to coordinate with you.

## **COMMERCIAL TRUCKS**

Normally the method used for orders from 1000+ lbs., if you have a commercial delivery address. We generally use Oak Harbor, ABF or Yellow because they offer a large discount with our volume, which we pass on to the customer. We are often charged by the pallet not by the hundred weight.

Commercial delivery is a little cheaper than regular freight delivery.

You must be a direct ship point to receive your shipment this way (commercial address, not residential). Call for information.

A pro number will be given to you at the time of shipment with their phone # and you will be responsible to be available when the truck arrives and unload the truck. The driver will NOT unload. If they have a lift gate, they will set the pallets on the ground for you.

Damages and/or missing /or missing items MUST be reported within 2 weeks of receiving shipment - NO EXCEPTIONS

The cannery (or UPS) will not honor claims that are not checked within this time period. Please check your order for accuracy and completeness. Please call us if there are any discrepancies within two weeks of receiving your shipment (UPS or Freight).

Be SURE you have read our shipping times page on our website (kept current) and our policy page. You are required to understand these terms before ordering.
